Following the end of the Exclusivity Period this Contract shall continue unless or until it is terminated by either party under the terms of this Contract. Please note that the duration of this Contract is subject to any early termination in accordance with Conditions 6.5 and 9.

Please also note your right to switch suppliers at the end of the Exclusivity Period (or otherwise on earlier termination of this Contract) as set out in Condition 7.

- 6.2 Please note that there is a daily standing charge which applies in respect of the costs we incur from having in place the infrastructure necessary to provide the Supply and ongoing support and assistance to you in relation to any issues which may arise in relation to maintenance of Components during the term of this Contract. This standing charge is set out as the Daily Charge in the pricing section of this Contract ('Standing Charge'). Please further note that the Standing Charge may increase if our costs in relation to providing support services increases (provided always that such increases shall in any event be no greater than any equivalent increase in the retail prices index during the relevant period since the last increase to this standing charge – for more information on the retail prices index see <https://www.ons.gov.uk/economy/inflationandpriceindices>).
- 6.3 The price that you will have to pay for the Supply at the Commencement Date will be set out as the Price of Gas in the pricing section on page 1 of this Contract alongside any other costs and charges payable by you under this Agreement.

- 6.4 We will always work hard to keep our prices down but prices in the LPG market naturally change over time. This means that every so often we will have to introduce changes to your price. We will always let you know by letter in advance of any increase in price.
- 6.5 We will apply a cap of 12 pence per litre (excluding VAT – as the VAT rate may be varied by the government) on our price increase in any twelve month period. If our price increases more than 12 pence per litre (excluding VAT) in any twelve month period then you will be entitled to terminate this Contract by giving us forty two (42) days' written notice ('Termination Notice') – this Termination Notice has to be given to us by you within 14 days of when we have told you about the price increase.
- 6.6 In the event that you exercise your right to terminate and provide us with the Termination Notice in accordance with Condition 6.5 above, we will not charge you the increased price for LPG during the notice period; you will carry on paying the price you were previously paying until your notice period expires.
- 6.7 When invoicing you, we may estimate your consumption of LPG (if an actual meter reading has not been taken) and we will indicate on any invoices where an estimate has been made. If your actual meter reading differs from this estimation, we may accept that meter reading (regardless of whether such reading is greater or less than our estimate) if you notify us of this difference promptly. Please note, it is your responsibility to regularly provide us with meter readings to ensure that our estimates are as accurate as possible.
- 6.8 If for whatever reason your meter fails to record your LPG consumption for a particular period, we may estimate your usage for that period based on your actual usage of LPG before and (if appropriate) after such period.
- 6.9 You will pay for the Supply and any Standing Charges within fourteen (14) days of the date of invoice or by such instalment payment method as may be separately agreed by us in writing.
- 6.10 You must pay our invoices in full in pounds sterling.

- 6.11 All charges and invoice amounts will be subject to the appropriate rate of VAT from time to time and all other duties, levies, taxes or charges that are now or may become applicable to the supply of LPG and the Services.
- 6.12 Subject to Condition 6.15, you must pay all sums properly due and payable under this Contract promptly. We will give you a receipt for payment if you ask for one. Payment will only be deemed to have been received by us when we have received cleared funds.
- 6.13 If you fail to pay us on the due date for any payment, we may charge you interest (both before and after judgement) on the amount unpaid at 4% above the base rate from time to time of the Bank of England per annum and also recover from you any reasonable administrative and legal costs incurred by us in recovering overdue amounts from you.
- 6.14 We reserve the right to charge you for any disconnection and/or re-connection resulting from non-payment of your account. The charges which we may charge in respect of a disconnection or re-connection will be no greater than £200 plus VAT.
- 6.15 On termination of this Contract for any reason, you must pay us all money which you owe to us, provided always that you have a right to withhold the proportion of monies due to us which are subject to a genuine dispute under this Contract and we will not charge you interest on this amount.
- 6.16 We reserve the right to carry out credit searches on you with one or more licensed credit reference agencies and they will retain a copy of that search.
- 6.17 We reserve the right to amend these credit terms without prior notice.

7. SWITCHING

- 7.1 The Competition Commission made the Order with the intention of making it easier for customers to switch suppliers. Under the Order if you choose to move to another supplier then you will need to get agreement from all other customers at this metered estate site to agree to switching supplier at which point the Tank will be sold to the incoming supplier together with associated equipment and assets. Following this transfer, they will take over responsibility for maintenance and LPG supply to You.
- 7.2 We are committed to acting in compliance with the Order and when you give us notice in writing of termination in accordance with Condition 9, we will take such steps as are required to assist you should you want to move to another supplier of LPG.
- 7.3 Details of alternative providers of LPG may be found at liquidgasuk.org, the website of the UK LPG trade association.
- 7.4 Under the terms of the Order we are obligated (save where we have terminated this Contract due to a serious breach by you) to continue to supply you with LPG and ensure you are not left without any LPG. Therefore, you will continue to be responsible for payment of all LPG which we have supplied in accordance with the terms of this Contract even if you terminate this Contract.
- 7.5 Switching Guidance Notes will be sent to you as part of your Welcome communications.

8. LIABILITY (YOUR ATTENTION IS PARTICULARLY DRAWN TO THIS CONDITION)

- 8.1 We shall have no liability:
- 8.1.1 for defects in Components to the extent the defect has been caused or contributed to by you (this includes you failing to follow our reasonable instructions);
 - 8.1.2 unless you give us a reasonable opportunity to remedy any matter for which we are liable before you incur any costs and/or expenses in remedying the matter itself;

- 8.1.3 for the Components (except to the extent that the same are damaged as a result of our negligence);
 - 8.1.4 for any damage which occurs as a result of persons who are performing any services for you following your instructions, guidance and/or advice except to the extent that such damage results from our negligence;
 - 8.1.5 for any failure to deliver LPG where it is, in our reasonable opinion, unsafe for us to do so;
 - 8.1.6 for damage, loss, liability, claims, costs or expenses solely caused or contributed to by your continued use of a Component after a defect has become reasonably apparent to you or reasonably suspected by you or should have been suspected by you, except to the extent that any defect was due to our fault; and/or
 - 8.1.7 unless you provide us with written evidence of any claims together with written details of how the loss was caused by us.
